

**Lee Boon Kok**  
PIKOM

Lee Boon Kok is the Chairman of PIKOM, the Association of the Computer and Multimedia Industry of Malaysia. PIKOM is the body representing the ICT industry in Malaysia, whose 569 members control about 80% of the total ICT trade in Malaysia.

In 1989, Boon Kok graduated from Universiti Kebangsaan Malaysia with an honours degree in Computer Science. He started his career as a system engineer and has 16 years of experience in the ICT Industry.

Boon Kok has been a Councillor of PIKOM since 1999 and served as the PIKOM Treasurer from 2001-2003. He was the PIKOM Deputy Chairman from 2003-2005.

Boon Kok has represented PIKOM in various dialogues with key government agencies and his views are much sought after by policy-makers in Malaysia. He is a member of Technical Resource Group for Enabling Technology for the National Industry Master Plan 3(2005-2020).

On the international front, Boon Kok represents PIKOM at various international fora through PIKOM's close affiliations with the Asian-Oceanian Computing Industry organization (ASOCIO), the Asia and Pacific internet Association (APIA) and the World Information Technology and Services Alliance (WITSA).

Boon Kok is also the Managing Director of KE Systems Sdn Bhd, a Malaysian ICT solutions provider that provides ICT professional services especially those related to Oracle Peoplesoft Human Capital Management and Financial System to customers around the Asia-Pacific region.
