

**Reginald Hutcherson**  
**Head of Technology Evangelism Group**  
**Sun Microsystems, Inc.**

Reginald (Reggie) is the head of Sun's Technology Evangelism group. His group is responsible for providing the long-term strategic vision of Sun's technologies to developers, executives, press and key customers worldwide. He has responsibility for creating and leveraging relationships with Sun's Global Sales and Marketing teams and key ISVs to facilitate technology adoption and development of applied solutions.

Reggie has an extensive background developing state-of-the-art software systems. At the Stanford Research Institute, he researched distributed systems and network protocols.

At Sybase Inc., he worked in the Performance & Kernel Architecture group on their state-of-the-art distributed database engine.

Reggie has a BS in Computer Science and a MBA from the University of California at Berkeley. Additionally, he matriculated in the MS program for Computer Science at Stanford University
